

D88 Kick Mic

CADLive will outperform your expectations and deliver exceptional performance. Engineered to complement the new generation of exceptional sound systems, the CADLive Series taps our Equitek studio heritage along with our live sound know-how in creating an impactful line of mics.

The CADLive D88 Kick Mic blasts its way to the stage firmly reproducing your kick in true Rock and Roll form and function. Equipped with one of the largest capsules made – Outfitted with a TrueFlex™ diaphragm and powered by a PowerGap™ magnet – The D88 is custom tailored for today’s kick drum sound.

- TrueFlex™ diaphragm for articulate response
- PowerGap™ Neodymium magnet for hot signal
- Tailored for today’s kick drum sound
